cute chair

Metal Embossed Front Panel

This stylish and aesthetic front panel is offered as optional to cover different needs.

Multi-Functional Products for Dynamic Spaces...

Easy Table; is an extraordinary alternative solution to hotels', corporations' or education centers' conference rooms, seminar, meeting or education/training rooms that need dynamism and different set-ups.

Easy Table is an ideal solution for areas that require constant setup and reformation. Through Easy Tables' connection apparatus, they can easily be put together in various formats to offer different working environments based on your need.

One-Touch System.

It is very easy to fold the tables. Just one touch at the "Press" button and the desk top folds on its own.

Save Room.

When not in use; Easy Tables can be nested together to minimize the storage room needed.

Table Top Damper

Through the double hydraulic damper that is placed under the desk, table top can easily and safely be folded with one touch.

Bookshelf

Offered as optional.

Connection Apparatus

Easy Tables can easily be connected together to form firm and stable setups based on the needed format.

Metal Embossed Front Panel

This stylish and aesthetic front panel is offered as optional to cover different needs.

Desktop Electric Outlet

This aesthetic electric outlet is offered as optional to cover the need to transfer electricity to tables connected to each other.

Height Adjustable Wheels with Brake System

Wheels with brake system enable stabilization of the tables at one spot. These wheels are also adjustable by 15mm to adapt to floors that are not straight.

Classrooms
Continuous education.
You can instantly connect Easy Tables together to form a classroom or a seminar room format.

Analysis Room
Cooperate, discuss and improve.
You can improvise a format to work together with your colleagues as a team.

Group Meeting
Ready for an emergency meeting.
You can organize the tables instantly and easily to form a practical meeting setup.

Executive Meeting
A crowded meeting.
Easy Tables' unique design is ideal for executive and crowded meetings that require various setup alternatives.

Cluster Work
Put them together. Form the clusters.
You can connect Easy Tables as opposing each other to form cluster work environments.

Multi-Use Desks
Foldable and Nestable Design
Solutions to serve different purposes/needs in one room with minimum storage area.
