Clarity

Designed in collaboration with

**BMW Group

Clarity seating from Allsteel is designed to preserve only the essential elements of form and function. Our design of reduction philosophy resulted in a pure, minimal look with nothing you don't need and everything you do. So it easily adapts to any space you put it in and any type of work you're doing.

no distractions. just clarity.

Adaptive comfort.

Just sit, and the mesh seat and back automatically react to you, providing an instant comfort that anticipates your every posture. Sit upright. Sit sideways. Turn around. Or lean over the back. With no fussing and less fine-tuning. It intuitively functions for any type of work you're doing, anywhere in the workplace.

Anywhere you work, it goes.

Clarity offers the essential comfort and simplified aesthetic needed for today's open-plan environments. Its streamlined design provides a calming influence, keeping open areas from looking cluttered. And it goes everywhere. From casual brainstorm spaces to formal conference rooms. From elegant private offices to open desking areas.

Chair styles

Choose from task chairs with casters, guest chairs with glides, or lounge chairs with a wider seat and back. All available with or without arms.

Mesh colors

A continuous mesh seat and back come in eight distinct colors that complement a variety of environments, from playful to executive.

The art of reduction

A simplified set of parts keeps only the essential elements, including a base, cylinder, hub, pair of arms, mesh carrier, and height adjustment lever.

Jacket option

Clarity is available with an optional upholstery jacket that creates a more premium look for this versatile, stylish chair.

Arms

Open arms give you more room to shift postures and actively move around in the chair without interference.

Height adjustment

A single, intuitive lever lets you quickly and easily adjust the height of the task chair to fit you and your posture.

Glides

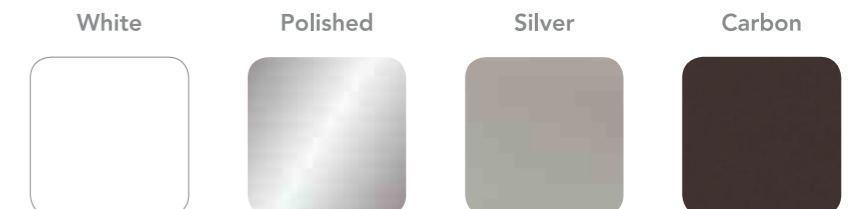

Glides on guest and lounge chairs provide stability as you change position and allow you to easily move the chair on carpeted surfaces.

Casters

Casters on task chairs help you move seamlessly from heads-down work to collaboration. Casters are available in finishes to complement paint colors.

Frame finishes

Choose from four stylish finishes for the durable aluminum frame to instantly transform the personality of the chair.
